August 29, 2023

To: All Sales Representatives.

Reference: Riva Part BI1262137

We received word from Biasi that part number BI1262137, internal circulator for models M35, M130, M135 & M210 has been discontinued and will no longer be available. This discontinuation will affect all Riva wall hung boiler models.

There are currently only 87 units left for purchase. This stock will most likely last through 2023 and possibly to the end of 2024. After that, these will no longer be available.

We apologize for any inconvenience this may cause and will continue to work hard to source parts for the Riva line of boilers. Unfortunately, we cannot control the lead times and parts being discontinued by Biasi and their component manufactures overseas.

Regards,

QHT, Inc
